The Good Grief Film Project - stems from GRIEF, LOSS, AND GOOD GAINS: An Intensive Poetry Workshop w/ Ursula Rucker we held in January 2024. 18 Attendees worked with Ursula for 3 days to discuss, share and offer some healing around grief of all kinds. Culminating in the creation of Memoir Poetry...

We then chose 8 of the Poems/Poets to pair with SIFT Members/Filmmakers to transform the poems into films. The results are creative, beautiful, inspiring and good storytelling!
